Life Anew

To create a culture of comfortable, healthy living.
Since our founding, we have continuously pursued innovations that offer greater wellness and comfort to daily life.
Honoring the trust that our customers and society place in us, TOTO remains dedicated to delivering products that offer inclusive functionality and respect for the environment.
We embrace these values every day to create a future that surpasses all expectations.
Businesses of TOTO

Global Housing Equipment Business

Japan Housing Equipment Business
The TOTO Group was manufacturing seated flush toilets at a time when public sewage systems were not yet widespread in Japan, and it has been instrumental in promoting healthy lifestyles. The TOTO Group has opened the door to new lifestyles by creating products such as the WASHLET™, the prefabricated bathroom module, and other bathroom and kitchen plumbing products.

Main Products in Japan

Anshin Remodeling
TOTO strives to further evolve remodeling by directly alleviating worries and concerns about renovations through ‘visualization’ and ‘understanding’ to give ‘Anshin’ to customers.

Main Products Overseas

China & Asia Housing Equipment Business / Americas & Europe Housing Equipment Business
Our first move overseas was in 1977, when we entered the Indonesian market. Over the next 40 years we extended our network into many other markets around the world. In pursuing business development on a global scale, we are striving to enhance the comfort, hygiene, safety and security of bathroom and kitchen spaces throughout the world by working to develop products that bring a new sense of prosperity to the daily lives of customers in countries and regions each with their own unique environments and cultures.

Advanced Ceramics Business
TOTO provides high-quality advanced ceramics, including air bearings, electrostatic chucks, bonding capillaries and receptacles, for the semiconductor, FPD manufacturing and optical communications industries.

Green Building Materials Business
TOTO offers building materials utilizing HYDROTECT, an environmental purification technology. TOTO also enters into license agreements and technology transfer contracts with companies worldwide handling exterior building materials (including tile, paint, metal panels, glass, and architectural stone).

New Business Domains
TOTO’s Mission

The TOTO Group celebrated its 100th anniversary in 2017. To ensure we secure and retain the trust of customers and society as a whole, we have formulated a mission with three key elements.

Global Environmental Vision

We will implement our Global Environmental Vision to realize TOTO’s Mission.

TOTO will contribute to the Sustainable Development Goals (SDGs) advocated by the United Nations around the three themes outlined in the Global Environmental Vision.

Sustainable Development Goals are international objectives composed of 17 goals and 169 targets to realize a sustainable world adopted by the United Nations General Assembly in 2015.
TOTO’s Mission

Provide Cleanliness

Technologies that Keep Toilets Cleanliness and Comfort

TOTO has refined its manufacturing technology over the last one hundred years. To create clean and comfortable toilet spaces for our customers, we have developed a range of clean technologies unique to TOTO, such as EWATER+, CEFIONTECT, RIMLESS, and TORNADO FLUSH. Together, these technologies remove bacteria, prevent the buildup of dirt, and easy cleaning, resulting in toilets that are not only resistant to dirt and easy to clean, but also achieve new heights in cleanliness by effectively cleaning themselves.

- **EWATER +**: Keeps water clean by removing bacteria, which can cause darkening of the toilet bowl.
- **CEFIONTECT**: A special glaze applied to the enamel ensures all waste matter flushes away.
- **RIMLESS / TORNADO FLUSH**: Rimless toilet bowls and a whirlpool-like flush mean toilets are thoroughly cleaned every time.
Pleasant feeling for everyday use. Our products are part of life, providing revolutionary cleanliness and comfort for a thriving future.

WASHLET™ – Gaining Popularity Throughout the World

Launched in 1980, WASHLET has created a new lifestyle and culture for Japanese toilets. After launching in Japan, WASHLET products were introduced to the U.S. market in 1986. From then, we began moving forward with the installation of these products in luxury hotels in countries throughout the world, thereby expanding our sales in China, Asia and Oceania, and Europe. As a result, cumulative WASHLET shipments exceeded 40 million units globally as of July 2015. Today, sales of WASHLET products continue to grow on a global basis.

TOTO’s Universal Design

The key principle of universal design at TOTO is to make products as easy and comfortable to use as possible for as many people as possible. We firmly believe that the starting point for universal design is to define what “easy to use” and “comfort” means. To that end, we have set out TOTO’s Five Principles of Universal Design, which employees always keep in mind to help them develop better products and improve product ideas.

TOTO’s Five Principles of Universal Design

1. Easy posture and movement
2. Simple, easy to understand operation
3. Coordination to address differences and changes in users
4. Comfort
5. Safety

TOTO’s Universal Design

SDGs

- Good Health and Well-being
- Gender Equality
- Clean Water and Sanitation
- Sustainable Cities and Communities
TOTO’s Plumbing Equipment Products Help to Protect the Environment

The depletion of water resources is a serious global issue that TOTO has a duty to help solve as a supplier of bathroom and kitchen plumbing products. By promoting water-saving products, we succeeded in reducing water used by our products by 780 million m³ in fiscal 2017, as compared to what usage would have been had products available in 2005 continued to be sold and used, without the subsequent development of better performing products. At 77% of shipments (Japan/overseas), water-saving toilets (those that use 4.8L or less per use) are steadily growing as a percent of total unit sales.

Water-Saving Performance of Toilets

* Water consumed per full flush

Starting with the launch of the water-saving CS Series toilet in 1976, TOTO has been working to reduce the amount of water needed to flush toilets and to remove bacteria, germs and dirt, while ensuring toilets remain pleasant to use. We continue to fine tune our water-saving technology and currently sell products that only require 3.8L of water per flush.
What TOTO Can Do to Protect the Global Environment

The TOTO Group aims to contribute to the growth of society by creating an enriched and more comfortable lifestyle and culture built on our products. Companies have to fulfill their duty in both business and civic activities to effectively use water resources and foster the sustainable growth of society in the future.

As part of these efforts, the TOTO Group established the TOTO Water Environment Fund and continues to provide grants to organizations that engage in environmental activities related to water.

TOTO Water Environment Fund
The TOTO Water Environment Fund established in 2005 has offered assistance to environmental activities conducted by the public throughout Japan. In 2008, we began to offer support to NPOs and NGOs that engage in environmental conservation overseas and the construction of pleasant, sanitary lifestyle environments. This fund is broadening its efforts after having provided over ¥300 million in grants up until now to a total of 249 organizations active both in local communities and in the 40 prefectures throughout Japan as well as 14 different countries overseas.

TOTO Water Environment Fund 1st to 13th grant assistance total
Approx. ¥310 million

The TOTO Water Environment Fund has provided over ¥300 million in grants up until now to a total of 249 organizations active both in local communities and in the 40 prefectures throughout Japan as well as 14 different countries overseas.

TOTO Guide 2018-2019
Build Relationships

Together with Customers

The TOTO Group is upgrading its showrooms, remodeling network and after-sales services to further improve satisfaction for all customers. We are also using our network of directly managed showrooms overseas to highlight and explain our unique technologies to customers in international markets.

Customer Consultation Centers
Customers can visit these centers to ask questions about our products or to get a rapid response to any inquiry. We use feedback from customers in product development and to improve existing models.

After-sales Service
We provide maintenance and repair support 365 days a year to ensure our customers can use our products safely with peace of mind.

Remodeling Network
Our system of approximately 5,000 TOTO Remodel Clubs provides customers with general support for their remodeling projects, from design proposals right through to construction work.

Showrooms (Japan)
TOTO has 100* showrooms in Japan, giving customers the opportunity to see, touch and experience our products for themselves. (*As of September 2018)

Showrooms (Overseas)
TOTO has 14* directly managed showrooms in China, other markets in Asia, Americas and Europe. (*As of September 2018)

New York

Ho Chi Minh
that Enrich Life

Establishing relationships with customers to improve lives every day.
Every day we strive to improve the customer experience and build relationships that last generations.

Building a Better Future
To help build a better society for the future, TOTO contributes to local communities through architecture, art, sports and other activities.

Creating a Collaborative Society
We encourage employees to participate in volunteer activities across a wide range of fields, including Green Volunteer social contribution activities such as tree-planting and community cleanups.

Total number of volunteers in fiscal 2017
52,300 volunteers

In human resources management, the TOTO Group respects the individuality inherent in a workforce that embodies diversity along lines such as age, gender, and nationality. We promote diversity based on our belief that it gives rise to fresh, new ideas that can further our desire to create prosperous and comfortable lifestyles.
Committed to Design
Design that is understated yet perfectly in tune with the user. In developing products, TOTO has been steadfast in its pursuit of beautiful design that harmonizes perfectly with various types of spaces, while also delivering outstanding quality and functionality.

Our latest NEOREST NX product embodies our focus on the use of curves to accentuate the beauty of ceramic sanitary ware, and our desire to create a product with an artistic aura. This product represents countless rounds of examination to ensure outstanding functionality, without compromising design, and painstaking efforts to eliminate unnecessary surface elements and spaces. In the end, we created a design conceding nothing at an overall or detailed level.

The result of this beautiful combination of cutting-edge technology and design is what TOTO, a company that has been making ceramic sanitary ware for over a century, believes is the ultimate in toilet design.

Adding Functionality to Augment Beautiful Design
Incorporated in the beautiful design of the NEOREST NX are technologies for maintaining the appearance of the product and ensuring that it will provide users with the expected comfort over the long term. In combination, TOTO’s revolutionary TORNADO FLUSH and RIMLESS, proprietary CEFIONTECT dirt-repelling technology and EWATER+ achieve new heights in removing bacteria, preventing the buildup of dirt, and easing cleaning.
International Praise For TOTO

The NEOREST NX as well as the GS Series and GA Series of single lever lavatory faucets have won the Red Dot Design Award 2018.

Quality to Impress the World

Offering New Value to Customers

To offer the WASHLET and other TOTO products to customers throughout the world, we participate in international trade shows spotlighting bathroom and kitchen plumbing fixtures and housing equipment. These events are held in various countries across the globe.

Recently, we had participated in the International Sanitary and Heating (ISH) 2017*1 fair held in March 2017 in Germany and the Kitchen & Bath China (KBC) 2018*2 show held in June 2018 in Shanghai.

The concept of our exhibits expresses TOTO’s constant desire to update and enrich daily life for people across the globe. Through our exhibit spaces, we introduce products such as the NEOREST series and TOTO proprietary technologies, including ones for saving water and removing the bacteria that hinders the thorough cleaning of toilet surfaces. These efforts help to establish TOTO as a global brand.

Experiential Spaces for Promoting Japan’s Toilet Culture and Technology to the World

GALLERY TOTO, an experiential space located at Narita International Airport, was opened in April 2015. The purpose of this facility is to give foreign visitors to Japan an opportunity to see, touch, and experience the beauty and comfort of restroom spaces created by TOTO. It is hoped that visitors will return to their countries with a strong desire to have a restroom space like those modeled at GALLERY TOTO.

This is the second major award for the NEOREST NX after receiving the iF Design Award 2018 in March 2018.

International Praise For TOTO

The NEOREST NX as well as the GS Series and GA Series of single lever lavatory faucets have won the Red Dot Design Award 2018.

NEOREST NX

The NEOREST NX is a flagship product incorporating design seen nowhere else and the ultimate in clean functionality. Offered in markets throughout the world, the NEOREST NX is destined to add refinement to restrooms across the globe.

Selection for fourth consecutive year
With the Vision of Our Founder as a Touchstone
The TOTO Group, which marked its 100th anniversary in 2017, conducts corporate activities with the aim of continuing to provide greater contributions to society and the environment. To this day, each and every employee has been imbued with our founder’s will of providing a healthy and civilized way of life. His thoughts, which have been passed down through the generations since our founding, comprise the heart of our manufacturing and sales activities as well as the core of our corporate management. Providing customers around the world with the security and reliability of the TOTO brand, my mission, as president of the TOTO Group, is to continue to pass down our founder’s will into the future and “create an enriched and more comfortable lifestyle and culture built on our plumbing products,” as stated in the TOTO Group Corporate Philosophy.

The Strengths of the TOTO Group, Cultivated over 100 Years of History
The TOTO Group was manufacturing seated flush toilets at a time when the concept of public sewage systems was not yet widespread. Since then, the TOTO Group has opened the door to new lifestyles by creating products such as WASHLET and other bathroom and kitchen plumbing products.

This is part of a 100-year history full of challenges and innovations, in which the TOTO Group has cultivated a set of strengths—high-level fusion of design and functionality, creation of new value through TOTO proprietary technologies, and advanced production technology and global supply system. However, there are more challenges and innovations yet to come.

For the Next 100 Years
With a strong will to keep gaining TOTO fans around the world, the TOTO Group has taken a bold step forward toward the next 100 years. TOTO will continue to promote innovation and realize further growth without wavering from its inherited corporate philosophy.

Our business activities cannot exist without the cooperation and co-creation of all of our stakeholders. For the TOTO Group, the primary actors are the individual employees who take it upon themselves to think of how they can best contribute to the benefit of customers and society. With that in mind, we will increase corporate value by continuing to place great emphasis on our human resource development and taking on the challenge of creating prosperous and comfortable lifestyles that provide customer satisfaction.

Madoka Kitamura
President, Representative Director

TOTO Group Corporate Philosophy
Our corporate philosophy, based on the thoughts of the founder to be passed down through the generations, communicates to all of our stakeholders the purpose for which our company exists, our business domains, and the type of company we aim to be.

The TOTO Group strives to be a great company, trusted by people all around the world, and contributing to the betterment of society. To achieve our philosophy, TOTO will:

- Create an enriched and more comfortable lifestyle and culture built on our plumbing products.
- Pursue customer satisfaction by exceeding expectations with our products and services.
- Provide high-quality products and services through ongoing research and development.
- Protect the global environment by conserving finite natural resources and energy.
- Create an employee-friendly work environment that respects the individuality of each employee.

Company Mottos represent the thoughts of the founder to be passed down through the generations.

1. Take pride in your work, and strive to do your best
2. Quality and Uniformity
3. Service and Trust
4. Cooperation and Prosperity
